

Free Crochet Pattern: Easy Multipurpose Scrubber

An original pattern by Charlotte Richardson 2009

Here's a quick and easy double-sided scrubber that can be used for cleaning anywhere from the kitchen to the garage! Soft but durable cotton yarn on one side, and a tough nylon yarn on the other that won't scratch non-stick surfaces, chrome bumpers or bathtubs...how's that for multitasking! Easy to customize, make it larger by using a bigger hook or by adding to your foundation chain and increasing the number of rows.

To clean, machine wash in cold water with a mild detergent; air dry only! (I'm not sure what nylon yarn does in the dryer, but it's probably not pretty!)

Skill level: Easy

Stitches used: chain stitch (ch), single crochet (sc) and slip stitch (sl st).

Gauge: not important for this project. My completed scrubber is about 3.5 by 4.25 in, or about 9 by 11 cm.

Materials:

- I used a 4mm hook/size G6
- Small amounts of cotton and nylon yarn – I used Bernat Handicrafter Cotton (medium/4) and Needloft 2 ply Plastic Canvas Yarn.

Pattern:

Row 1: with nylon yarn, ch 15. Sc in 2nd ch from hook and across to starting ch. (14 sc)

Row 2: ch 1, turn. Working in back loops (see photos), sc across. (14 sc)

Rows 3 – 10: repeat row 2. Fasten off and weave ends in.

With cotton yarn, repeat rows 1 to 10. Do not fasten off. Ch 1, turn.

Holding both pieces together (there is no right or wrong side), and working through both layers, sc in first st and across to first corner; work 3 sc in corner and sc evenly across ends of rows. Repeat around, ending with 3sc in last corner and sl st to first sc. If you'd like to add a hanging loop, after 3sc in corner, ch 10, and sl st to first sc. Finish off and weave ends in.

Voila! You're finished.
